SUMMARY

Dedicated .NET Backend Developer skilled in building scalable and secure web applications using ASP.NET Core and Clean Architecture. Proficient in RESTful APIs, SQL Server, and cybersecurity practices. Delivered impactful projects like Tawility and BookStoreAPIs, significantly enhancing performance. Recognized in IYMC, ECPC, and ISF competitions. Committed to innovation and continuous learning.

WORK EXPERIENCE

.NET Backend Developer, Elsewedy Electrometer, Remote **2022**

- Developed 20+ RESTful APIs, significantly enhancing performance.
- Integrated third-party APIs for improved platform functionality.
- Optimized frontend-backend integration using Clean Architecture.

Freelance .NET Developer, Self-employed, Remote **2023**

- Built backend systems for e-commerce and ticketing platforms using ASP.NET Core.
- Implemented secure OAuth and JWT authentication flows.
- Collaborated with frontend developers on full-stack solutions.

.NET Backend Developer, Elsewedy Electrometer, Giza, Egypt **2023**

- Contributed to RMS HR system, adding attendance and vacation features.
 - Enhanced system efficiency using Entity Framework Core.
 - Worked with HR staff for testing and feedback.
-

EDUCATION

High School Diploma, Expected 07/2025

El Sewedy International School for Applied Technology and Software, Giza, Egypt

CERTIFICATIONS

- **2024:** IYMC Participation - Recognized for global math challenge.
 - **2024:** ECPC Qualification - Certified for programming contest participation.
 - **2025:** ISF - Awarded for 1st place in Energy category in Giza.
 - **2025:** Global Circles, Soliya - Cross-cultural dialogue on social media polarization.
 - **2024:** Cybersecurity, Cyberx World (NTI) - 5-day boot camp on phishing and IoT security.
 - **2025:** Tech Tank, National Research Center - Recognized for innovative project.
-

COMPETITIONS

- **2023:** IYMC - Participated in global math challenge, enhancing analytical skills.
- **2024:** ECPC Egyptian Teens Qualification - Earned Honorable Mention.
- **2025:** ISF - Secured 1st place in Energy category at Giza Governorate level with Eco Energy Pioneers.

PROJECTS

Tawlity

Full-stack restaurant reservation system using ASP.NET Core and SQL Server. Supported 1,000+ users with JWT/OAuth authentication and real-time bookings.

BookStoreAPIs

Scalable bookstore API using .NET Core and Clean Architecture. Featured JWT, SOLID principles, and custom middleware for secure design.

Managing Movie Collection

Movie management API using ASP.NET Core and SQL Server. Implemented JWT authentication and robust exception handling.

Online Bookstore

Web application using ASP.NET Core MVC and Entity Framework Core. Featured asynchronous CRUD operations and Bootstrap UI.

E-Movie

Movie management web app using ASP.NET Core MVC and SQL Server. Supported CRUD operations and responsive design.

My Health

IoT and AI-based health monitoring app using Firebase. Enabled real-time vital sign tracking for personalized healthcare.

TECHNICAL SKILLS

- Programming Languages: C#, C++, C, Python, JavaScript
- Frameworks & Libraries: ASP.NET Core, Entity Framework Core
- Tools & Technologies: SQL Server, Git, Postman, Swagger, Firebase
- Concepts: Clean Architecture, RESTful APIs, JWT Authentication, OAuth 2.0, SOLID Principles, Cybersecurity, Testing, Design
